

FOR IMMEDIATE RELEASE

HDSA Iowa Chapter Grahlman Golf Tournament - Saturday, August 10 at Jester Park Golf Course

Granger, Iowa (July 30, 2024) – The [Iowa Chapter](#) of the Huntington's Disease Society of America (HDSA) will host the Grahlman Golf Tournament - Granger, IA, on Saturday, August 10th at Jester Park Golf Course, 11949 NW 118th Avenue. Check-in starts at 7:00 AM and a shotgun start at 8:00 AM. This golf event represents a local opportunity for members of the Iowa HD community to come together with friends, family members, neighbors and the community at large to raise necessary awareness and funds to support HDSA. Those who join us will be treated to happy hour, silent auction, raffles and prizes for closest to the pin, longest drive, and longest putt, just to name a few. All proceeds support HDSA's mission to improve the lives of people affected by Huntington's disease (HD) and their families.

For more information about the event, please contact Lisa Hubbard (hdsaiowa.lisahubbard@gmail.com).

Online registration and donation information can be found [HERE](#)

###

Huntington's disease (HD) is a fatal genetic disorder that causes the progressive breakdown of nerve cells in the brain. It deteriorates a person's physical and mental abilities during their prime working years and has no cure. Every child of a parent with HD has a 50/50 chance of inheriting the faulty gene. Today, there are approximately 41,000 symptomatic Americans and more than 200,000 at-risk of inheriting the disease. The symptoms of HD are described as having ALS, Parkinson's and Alzheimer's – simultaneously.

The Huntington's Disease Society of America is the premier nonprofit organization dedicated to improving the lives of everyone affected by HD. From community services and education to advocacy and research, HDSA is the world's leader in providing help for today and hope for tomorrow for people with HD and their families. HDSA was founded in 1967 by Marjorie Guthrie, the wife of legendary folk singer Woody Guthrie. Woody died from HD complications when he was only 55 years old, but the Guthrie family legacy lives on at

HDSA to this day.
